SERVICES

MEDICAL DRESSING PRODUCTS

As health care delivery becomes our complex, choosing the right product and using it effectively is a key part of successful patient outcomes and cost management. When it comes to providing the best care, you need to depend on trusted products that support your patient's comfort and clinical need.

NON-WOVEN SURGICAL DISPOSABLES

Non-woven medical disposables are essential products in the field of healthcare. Non-woven medical disposables are surpassing medical items made from woven fabrics in terms of popularity, offering a more hygienic alternative that effectively aids in preventing contamination and infections by absorbency.

SERVICES

HYPODERMIC DISPOSABLES

We understand the importance of a crystal clear signal, ease of use and patient comfort. Our range of Hypodermic disposables are high quality products developed for perfect injection of medications and stimulation. Our Hypodermic injection can be used for multiples insertions without any degradations of its characteristics. All the series are designed to give a good, secure feel in the hand. The different sizes enables you to cover all treatment areas and are designed to meet your expectations.

RESPIRATORY DISPOSABLES

We are providing innovative solutions to resolving the patient problems in the respiratory care market. We supply disposable respiratory products to meet the requirements of the patient and the health care professionals. We understand the different solutions to meet our customer needs as we have consequently formed strategic alliances or partnerships with manufacturers who can provide specialist technologies required.

SERVICES

SURGICAL INSTRUMENTS

We have a wide range of professional surgical instrument and supplies. The surgical supplies range in grade from economy to premium. Where premium quality instruments are made from highest grade German stainless steel, the mid-grade instruments are manufactured in Pakistan, an excellent choice for cost-conscious facilities like offices and clinics.

MEDICAL EXAMINATION DISPOSABLES

We offer a wide range of Medical Examination Disposable products to our clients at reasonable price range. This includes various types of examination gloves (made from medical grade latex, vinyl, nitrile and rubber), protective examination sheets for examination tables etc
